Deltasheen Semi Gloss Exterior /Interior Emulsion
A Super Premium, Latex based product for exterior use. It has smooth finish with slight sheen.

Delta Ex Exterior Emulsion

Delta Ex is an economical modified acrylic based paint. This product is suitable for all exteriors and provides economy also. It has smooth & matt finish.

Glitz Premium Acrylic Emulsion

Glitz Premium Acrylic Emulsion is Specially designed 100% PURE ACRYLIC EMULSION paint for use on interior surfaces. Formulated specially for Interiors, it is used as Decorative & Protective paint.

Deltaprime Exterior Primer

High quality Exterior primer based on modified acrylic emulsion reinforced with inert pigments and extenders. Primer increases the spreading capacity of the paint.

Deltaprime Interior Primer

Primer increases the spreading capacity of the paint. An ideal choice for all interiors. It makes surface less absorbent apart from smoothening it.

Alpha Pure Acrylic Washable Distemper

Alpha Pure Acrylic Washable distemper has excellent washability, long lasting and with a smooth finish for Interior use only.

Delta PAINTS

Ultrasheen Premium Synthetic Enamel

Ultrasheen Premium Synthetic Enamel is manufactured with suitable alkyds, fine pigments and imported additives to give a mirror-like Gloss with a tough film. Ensure good ventilation during application and drying. Avoid contact with skin.

Delta's Solvent Thinnable Primer : White & Red Oxide

Delta's Solvent Thinnable primer is a general purpose solvent based primer suitable for all types of surfaces: White & Brown for Nonferrous and Red Oxide for ferrous surfaces.

Delta's Woodfiller

Ideal for filling Wood Cavities. Act as a Wood Putty. Available in White, Teak & Walnut Shades.

Delta's Glitters

A Water base designer finish. Available in metallic colours - Gold, Silver & Bronze.

White cement reinforced with other chemicals to give protection to exterior surfaces.

Ultrasure is a superb quality white cement based superfine wall putty.

Deltex Texture Finish: Reinforced with quartz, it is a synthetic grooved textured finish. Specially formulated as Exterior Protective coating.
